

# The Park Ave-n-NEWS

YOUR MONTHLY FAVORITE NEWSPAPER

Since 2016

Volume 1 Number 1

## Welcome to Our School Paper!

Park Avenue School is a wonderful school full of amazing young students. There are many reasons why we wanted to start a newspaper. For starters, there are many talented students in the school! Some of the students in the newspaper club are in charge of our comic and art section, what's trending, video game reviews and advice, recipes, sports, games, and much more.

The students of our club wanted to bring their knowledge to their student body. We have been working hard to bring all of this

information your way. We have a goal to continue to bring interesting stories to you and we all hope you enjoy our first copy of our school newspaper.

Each month we are going to bring you new stories which will keep you up to date with what is happening all around our school and community. We are also going to collaborate with other clubs around school to bring you updated information!

Sincerely,

Mrs. Conboy & The 21<sup>st</sup> Century  
Newspaper Club

### #Whatstrending

- Women are getting actual baby scorpions painted on their nails! In my opinion, that's a NO for me!
- Kids are using Instagram, Snapchat, and other teen social media apps. I think kids should only use it when they are 15 or older. For their own safety, of course!
- JuJu on that Beat, a new dance, is totally taking over! Everyone is doing it and I think it is going to be the dance of the month!

### What's Trending!

#### The Do's and Don'ts of the Fall Season

By: Derrikah Legette

### The Do's and Don'ts of the Fall Season

Teachers, you are going to love this! The new Maxlindy. The Maxlindy is like a pant suit, but is actually a dress! You might just be the cutest one at the next teacher meeting!

Chokers were the "it" necklace to wear in the summer, and ladies, definitely continue this fashion for the fall and winter. There are so many funky designs from hearts to stars and I think they are an amazing statement piece to any outfit!

**Next month: Think Blanket Scarves**

# Gamers Unite!

## Minecraft: Is it still a popular game?

Photo Credit: <https://minecraft.net/en/>

Minecraft is a game that is funny and entertaining. I find that Minecraft is funny because when you are playing against other people, they mess up and you can watch other players slip and fall. I usually laugh when that happens. I enjoy playing this game because you can help other players to win battles against other players. When you battle other players, you are

able to win their food, armor, bows, arrows and whatever they use for protection.

If you have an iPad the game is \$7, but if you have any other device, the game is \$20. The game first gained its popularity in 2015, but it continues to grow every time the program provides an update. My friends and I still enjoy playing Minecraft if we are together or playing by ourselves.

One positive thing about the game is that it teaches kids about teamwork. The players work together to build creations like houses, mansions, caves, ungrounded systems for your characters to live in them for protection against creepers (monsters).

Another positive aspect of this amazing game is that you learn

how to build homes and whatever creative buildings you want to build. You can also rebuild buildings as well.

I would say the only downfall to this game is that you have to pay for it. Sometimes, the game can get a little boring if you are constantly playing it.

I still believe this game is popular. It allows us kids to have an imagination outside of school and be able to have our own virtual lives!

## FIFA 2017

By: Kenneth Saravia

The new FIFA is coming out and every soccer lover is excited! In the game, as a player, you are able to pick your favorite soccer team and even the career mode you chose! You can play in the draft mode and this mode is when you are able to get special soccer players for your team. I recommend this game for all of the soccer lovers out there. The graphics look much better than FIFA 2016 as well!

## Luis Suarez

By: Hector Mejia

Luis Suarez joined the soccer team of Barcelona where he is a striker. He is one of the best players in the world at only 29 years old! When he played for Uruguay, he had 47 goals in 88 games! He is a soccer player to favor and look out for in the future.

## Are You Eating Your Fruits and Veggies?

Did you know that you need to eat at least 3 balanced meals a day? It is important to make sure you are following our food pyramid to make sure you stay healthy. It is not good to eat fast food all of the time because it can be harmful for your digestive track. The next time you reach for those extra French fries at a restaurant, think twice, and make sure you are eating everything you need to eat in order to be healthy!

## FIFA World Cup 2018

Soccer Fans! I know you are all excited about the World Cup 2018!! The World Cup will be held in Russia! There are many fans rooting for their favorite teams. Who will you root for?

FIFA WORLD CUP  
RUSSIA 2018

## Basketball Player of the Month!

Kyrie Irving is a point guard for the Cleveland Cavaliers. Irving was born on March 23, 1992 and is now only 24 years old. He was raised in New Jersey, but was born in Australia. He started playing basketball at a young age and kept great stats throughout his high school career. He also played for Duke University from 2010-2011 before being drafted to the Cavaliers. In his first season, he won the Rookie of the Year award. He also moved onto winning the All Star MVP Award. Kyrie Irving is one of the best point guards in the NBA (National Basketball Association). In the 2016 season, he was one of the major stars who led the Cleveland Cavaliers to victory winning the championships! During the finals, Irving led their team to victory and beating the Golden State Warriors in game 7. When Kyrie Irving made the game winning shot, many fans were in tears because we all had wished for this moment. Kyrie Irving deserves this spot in the Basketball Star of The Month!

# The Evento Girls: Technology at its Finest!

Natalie Casanova, Aaliyah Blake, and Denym Wilder

Introducing the latest technology of 2016/2017!!

Warning: This will blow your mind... so get ready!!!!

## The Rolls-Royce Phantom

This car has evolved over time and many rappers and celebrities have their own. The picture to the left shows the Rolls-Royce Phantom from 1934 compared to the one from 2016!

1934

2016

Can you spot all of the differences between the two cars?

## Phones: The Change Over Time

Phones have changed our lives and the way we connect with people. People are able to connect and share with one another like never before. Some new technologies that are coming out are phones that are see through!

## Pandas: Not Just the Name of a Song, But Also, an Adorable Animal

By: Imani McPhaul & TyJae Moore

Pandas give birth every two years and live in China. When baby pandas are born, China has special places for them to live where they get cared for by humans. Their main source of food is bamboo, which is found all over China, which is one of the main reasons many pandas live there. Today, there are only an estimated amount of 1,600 pandas all around the earth! Some people put collars on some pandas to track them and what they are doing. They also track pandas to see where they live and how they travel. A lot of scientists try to study pandas to locate and understand how pandas are difficult to track down.

## Weird Bugs to Watch Out For This Winter!

### The Stink Bug!!!

<http://stinkbugsguide.net/brown-marmorated-stink-bug.jpg>

By: Zueriella Predestin

The Stink Bug... the worst bug to find in your home this winter. These bugs come into your house, not because they want to stink it up, but because they are looking for warmth. Unfortunately, if you squish one of these bugs, they stink! Really bad! My advice for you, if you see one of these gross and stinky bugs, is to pick it up on a paper towel and bring it outside or flush it down the toilet! Make sure you do NOT touch this with your hands, or, you will be the stinky kid in class!
